Subject: Live up to you word and repeal Obamacare. ~ Website email from Allen Wilson

---

Lt. Governor Bryant, We will be paying close attention to the campaign platforms you ran on, as repealing Obamacare must be the beginning of fillfulling your promises. Just remember how this unconstitutional monstrosity was voted in. Do the right thing for us now before you lose this upportunity to set things right. Sincerely A Patriot and lover of our country as founded. Allen Wilson
