Dear, Ms. Haley:

I've written to you on numerous
occasions. Yet I have to receive back
anything from your office.

I'd continue to write you and
to whom else may be elected.

Ms. Haley: I'm asking for your help!
I've been incarcerated 10 years.

My codefendant testified against me
for a 65% non-violent sentence.

She'd been incarcerated several times
yet I've worked thru Sled and had
much rights on my job as a Deputy.
And had no priors, during my
trial which was a hung jury, with
no physical evidence with my Lt.
letting the prosecutor know that my
weapon was turned in to him.
Yet, there was total of 60 weapons
yet 33 were unaccounted for.

The Major Was no longer part of the Company in which we were Once Part of (Employed by.) This man was released from his job, because he got locked up for Trafficking Cocaine. An unfortunately the Prosecutor whom I convicted me was also the Prosecutor whom he also went before prior to my Conviction & trial. I was also assured by my friend whose a investigator that the further was employed by the Columbia Fire Dept. This Major, this State witness and this Fire fighter was plastered on numerous news Stations for domestic Violence. All I would like for you to do is help me. I was sentenced to life plus 30 years by 2 of the States main witnesses in which both were fraudulent. In June my Son will be graduating & joining the Army.
