I called at least 10 times today to make a reservation and every time I would wait 5 minutes then I would hear a beep and the call would end. I tried going to the website but it said I need to call. How can I make a reservation?

Which park are you trying to make a reservation for? What number did you call?

Im trying to make a reservation for Kings Mountain Primitive Campsite P-7. I was able to get in touch with someone today and they was not able to make the reservation either. The number I called was 1-866-345-7275. They told me I had to call Kings Mountain to make that reservation and gave me the number. I called 803-222-3029 and left a voice mail. Hopefully someone at Kings Mountain will be able to get back in touch with me within the next couple days.

If not, shoot me your number, and I will have someone call you.
