Subject: EPIC win

Friend,

We have a huge opportunity right in front of us. **Senator Tim Scott is gearing up for his first election to be your Senator**, and he really needs your help.

Winning is possible, but with Harry Reid ready to spend as much as he needs to in order to turn our state blue, we can't take anything for granted.

It's no secret what Reid's motive is. **He wants to build a filibuster-proof majority in the Senate so that he can drown out any opposition to his radical agenda.**

Please, we need to send Tim to Washington to continue fighting for us. Can we count on you to help him?

Thanks for your support,

Team Tim Scott
