WOLO: Haley Proclaims Tuesday Wear Red Day in SC

Governor Haley wants South Carolina to be a red state, and she doesn't just mean politically.

Note: The governor has proclaimed Tuesday "Go Red for Women Day" in South Carolina to raise women's awareness of heart disease. Heart disease is the number one cause of death in South Carolina and that's a challenge Governor Nikki Haley says she's willing to take on.

Patch: Dems: Haley Has 'Declared War on Poor and Rural South Carolina'

A group of Democratic legislators blasted Gov. Nikki Haley on Tuesday for yesterday's announcement that 16 S.C. Department of Employment and Workforce (DEW) offices would be closing.

Note: Haley's spokesperson Rob Godfrey resisted that characterization: "Governor Haley has a war on unemployment," Godfrey said. "That's why our economy is roaring back and unemployment in our state has gone down to its lowest level in four years. Gov. Haley measures success by how many South Carolinians have jobs, not by how many unemployment offices we have."
