None of our reservations are on the Reserve America site any longer. They have all been transferred over to our new site. For confirmation, you may call our call center at 1-866-345-7275, M-F from 9am to 5pm. Someone will be glad to confirm that reservation for you. Thanks!

Hi. I know you just revamped your reservation system. But I'm concerned because when I go to reserve america to look up my current reservation (that I made last year, for next month at Huntington Beach) it is no longer on the reserve America website. I have the confirmation email, but that's all. The reservation is still in place, somewhere, I hope. Thanks, Aimee Dewar
