Hi Sally,

We already have one. The Department assists us with the assignment of SUNS numbers for all private 4K students.

Thanks Mellanie. We'll have this to you by the 4th.

Thanks, Melanie. I know this is an extremely loaded question, but do we need (or already have capability for) a student identifier compatible with what the Dept uses, and that would be transferred to the Dept if/when the child enters the SC public school system (5K or above)? With all of the data privacy concerns out there, this will surely be on the radar.

Sally

Subject: CDEPP Data Request

Attached is a memorandum that the EOC is mailing to you today, requesting the student-level data on CDEPP needed for the evaluation of the current year's program and to continue the longitudinal evaluation of the program. Please let me know now if you have any problems, concerns, or issues related to the request or to the timeline for the data submission.

In years past we had asked for the child's name to verify information. To protect the confidentiality of personally identifiable information, we have changed the reporting mechanisms to the first three (3) characters of the child's last name and the first two (2) characters of the child's first name.

Thank you for your assistance!

Sincerely,

Melanie Barton
