**Subject:** Just bought Visitbluffton.com / SC Abuses

---

The Hilton Head Bluffton Chamber lead by Bill Miles and a board that allows this Chamber to do as it wishes ,owns as well as buys billboards on 1-95 ,which is a huge waste of money "visitbluffton.org" .

The HHI Bluffton Chamber it seems is also violating the rights of the Trademark of the new Bluffton Chamber on many fronts as well by using their name and mark in online search and confusing their mark even on a sign in Bluffton ,where you are only able to read Bluffton Chamber and Hilton Head is in small letters . The abuse from this Hilton Head Bluffton Chamber must end to many.

I have also registered , filed and have full rights in the state and to be determined how they will be used and what hands to put them in the following:

Hilton Head Island Chamber---removing Bluffton  
Hilton Head Convention and Visitors Bureau  
Hiltonheadislandchamber.com  
Hiltonheadcvb.com and many .org versions

I will support the new Bluffton Chamber with this domain in some form or fashion as well as our other

URL's. I will use all these Rights to both Bluffton , Beaufort and Hilton Head domains to fully support any organization we feel is run properly . It seems the new Bluffton Chamber is run properly and assume at some point in time so will the Hilton Head Bluffton Chamber after they are forced to change and stop all abuses. I have not focused on the Beaufort Chamber and have no comment. Savannah , Charleston , Myrtlebeach chambers are all abusive and have all been turned in to the IRS Whistle Blower for tax violations under the 501-c6 us tax codes. The abuses from the Hilton Head Chamber are more than abuses to just IRS which will be proven as this case moves forward .

As i have repeatedly claimed cleaning up the HHB Chamber will only be able to happen by litigation to force this change as attempts for over a year to try and clean it all up has failed. Transparency and full disclosure will end all. What is coming, will be attempts by the lawyers to try and prevent transparency by using SC laws and delay tactics . This will further work against them and also prove like hiring two lawyers , THEY MUST HAVE SOMETHING TO HIDE. If not why would they not provide all info under request by Members and the Freedom of Information Act ????

The FOIA request to the two lawyers representing the Hilton Head Bluffton Chamber will prove to be interesting for the tax monies they receive from the Town of Hilton Head and recently discovered the over 1 m received from SC PRT. The question is what info does the Town and SCPRT receive from the HHIB Chamber for receiving all this money or are they being told by David Tigges and the two lawyers in Charleston that Bill Miles and the Hilton Head Chamber under SC law is not required to be transparent ????. This case will prove to be very interesting in the end and one that will have a huge ripple effect across this country .
