Katherine, Ted,

DEW ED here. I have just reviewed the packet of FAQs you sent us late yesterday evening and will be getting this packet of question/answers over to you in about 10 minutes from now. Hence, it will be late by about 15 minutes back to you. I am responsible for this delay as I want to ensure that my changes were incorporated into the responses. As soon as the adjustments are made, we will get them over to you.

Sorry for the 15 minute delay.

VR,

Turner
