This is good. The list of contacts seems a little thin (Rock Hill Herald, Union Daily Times, etc.). I can't recall how you compiled it, but did you contact the SC Press Association?

Attached is an updated version of the press release. Please let me know if any edits need to be made. I am also attaching an updated list of press contacts for the state.

Just a couple of edits, but this is good. Please on Monday put this in the proper format (you're the contact person) and ready for distribution, then send it to me once more. Do you have a comprehensive press list?

Lieutenant Governor Kevin Bryant will be attending the Connect Community Event: Race Relations conference at the Anderson County Convention Center, Saturday March 4, 2017. The Lieutenant Governor is a sponsor of the event and has been invited to welcome attendees at the conference opening. This conference will create an environment for productive dialogue from different perspectives on race. Thank you to our gracious hosts, Bakari Sellers and Justus Cox, for organizing this event to an opportunity to build relationships and to discuss this most important issue.

Subject: Press Release-Draft 1

The part above the dashed line is the draft for consideration. The rest I left as notes I may use for future drafts.
