Of particular interest would be this section:

3. Responsibilities

(3) Supplement county efforts as required and requested.

(4) Prioritize, allocate and manage State resources in support of access and/ or re-entry operations (e.g. - coordinating the consolidation or closure of shelters in host counties to coincide with opening of shelters in the impacted counties, supplementing county law enforcement operations, prioritizing debris removal assets to specified areas, etc.).Basic Plan

(5) Establish and rescind Evacuation Orders in coordination with local and State officials, and county and state agency representatives. Note - Unless otherwise specified, no reentry restrictions from the State will exist once the Governor rescinds the Evacuation Order.

(6) In coordination with the counties, establish Unified or Area Commands as needed and requested or directed.

b. Counties

(1) Conduct Response and Initial Recovery (short-term) operations to include access control as required. Re-entry may occur at any time during these operations.

(2) Establish access control procedures and public re-entry policies and procedures. Counties should coordinate these actions with adjacent counties.

(3) Inform SEOC Operations of access control status and desired public message by area.
