

Dear Gov. Haley:

Two more lines to follow my recent letter of December 26th to Pres.-elect Donald Trump and you. I am fascinated by you and even though I may have to wait a decade (my 100th birthday) I believe in the great events that may take place in the US.

An African-American, Barack Obama, became first President. And I believe you may become first woman President of the United States. You have so much to offer. You are a beautiful, lovely woman with a wealth of inner strength. I believe in you and in your capacity to bring peace and well-being in the US and elsewhere. May the God that rules the lives of all of us lead you to greater heights than you have experienced so far and help you become first woman President of the United States.

*Hope your Christmas is a time
of wonder and hope renewed...*

a joyful reminder of all God's blessings.

*God's blessings to you, your
husband, daughter and son.*
