---

I waited to send so I could adjust - I added one more to the exec line.

Thanks Athena!

Richele,

The governor is counted on your tort policy. Please let me know if you need to adjust the number.

Thanks,

Athena

Athena,

Attached are the next set with the data processing sheet and list, and also the auto policy. On the data processing, I included all electronics including TV (media room). We are right at \$51,000. I don't know if that is a range choice so if we need to stay at \$50,000 that is fine.

On the last spreadsheet with employees, I did not include the Governor in the total. Is that right? I can

send that once you confirm. I did include students (3) all of whom are at USC. We sometimes have a summer intern from Harvard in the mix from a program there but usually still at 3 number. I know school matters. We have no volunteers.

Richele
