Subject: Re: Yukon Delta

Hola Amanda,

I reached out to Ted Vess and his wife last week and haven't heard back. From what I understand Nancy Harvey is the daughter of the man that owned the boat. She originally brought it to Ted to see if it could be fixed. When she found out how much it would cost she basically gave up on the idea and left the boat at Ted's farm. She has helped with the bill of sale and I am hopeful that she can provide this next document but if it requires her going to the courthouse I fear she may simply say no. We are about to begin filming the next episode in November and I really can't spend much more time on this myself. What if I just give the boat back to Nancy as a "pay it forward" kind of gesture. It would solve the problem of registration for me and make her extremely happy. I can always use some Karma in the bank! I would however keep the motor. We can re use it in the upcoming build. Can you simply register the motor for me? You should have the certificate of origin with all of the other paperwork I sent.

I promise moving forward that I won't purchase any boat without proper title and bill of sale documentation.

Thanks again,

Edwin

I have sent them the message. Correct me if I am wrong but I paid the fee with you over the phone with a credit card and the watercraft application was in the original paperwork. Technically Nancy sold the boat to Ted who then sold it to me. Not sure if that helps but just wanted to point that out.

Thanks again,

E

Ok, I have reviewed this with my supervisor and she told me to email you and see if you could also get the documentation from Clerk of Courts office in NC showing Nancy Harvey as the administrator of Walter Harvey's estate, since Walter is deceased and Nancy sold you the vessel. This should be all that we will need to process your paperwork. (except your fee and your watercraft application, but that will be sent to you after you get the above mentioned documents and after my supervisor reviews it again) ☺

Just spoke with her. She said she emailed it to you this morning. In any event she brought it with her today just in case and she is going to take a picture of it and send it to me. I will forward along to you.

Hey Amanda,

Ted's wife got the bill of sale for me. She can fax it to you or mail it to you. What would you prefer?

We are in the home stretch!

Amanda,

I am playing a gig at the Governors mansion on Friday. I can come in early and come to your offices and show you the Yukon Delta episode so it makes more sense.

Let me know if you're interested. I would love to meet everyone. I have a feeling were gonna need your help again as the season progresses.

Standing by,

E

Hey Amanda,

I just hung up with Teds wife. She asked me to fax a bill of sale for the former owners to sign. What does that document need to include?

Should it be a bill of sale to Ted Vess or to me? There really wasn't any money exchanged so should it just be an affidavit that they gave the boat to him? I have a fax number for them so I should be able to take care of it today. I just want to be sure I get exactly what you

need.
