Subject: Still seeking justice

All:

Please review documents that will show that a crime was committed against me and the state of South Carolina has not held anyone accountable. Racism in the state is alive and well. We bring down a hundred of flags until our heart and mind change then nothin really has.

Gov. Haley, SC Attorney General and SC General Assembly has refused to even acknowledge my complaint which forwarded to each some time ago.

Please contact by email or calling 803-614-8678 to discuss modern day Jim Crow Laws.
