Hi, I'm reaching out to the South Carolina State Parks on behalf of The Mood Factory. We're currently partnered with USO-NC Organization throughout the month of July to help raise money to support troops and their families. For every 'like' we receive we'll donate \$1 towards USO of North Carolina. We're looking for military supporters out there that would be willing to share our page and mission to support local military families to get as many likes as possible before the end of July. We'd love any shout out to our page or our campaign
