I just recommend using the Nylon or Poly because when text gets smaller it doesn't turn out as nice on the woven lanyards.

I will send over pricing for you shortly.

Also, I forgot to indicate the size of the pouches: smaller 2.5"x4.5";
larger 3.125"x5.25"

In looking at the scans you sent, it looks like the badges are larger than both of the sizes above... Or perhaps the size is not coming over correctly on my email.. Can you measure the badge so we can be sure?

Is there a huge difference in price between the Nylon and Polyester - those are the two types we should use, correct? Instead of the Woven.

Quantity - 250

The pouch should be for the badges only.

Hi again,

For the badge, which page should I measure? I think there is a ticket on the last page. I'm guessing you want the size to match the badges on the first 2 pages, correct? And you're looking for a pouch for that badge to go into?

Perfect!

- Blue lanyards
- White imprinting
- Attached is an example of the should printed on the lanyard - RBC LOGO (space) Means Business. SPACE / SPACE / SPACE] RBC LOGO (space) Means Business. Etc...
- Means Business. - font is Century Gothic]
- We would like to use the logo with the Presented by Boeing - knowing space is limited not sure if that is possible?
- Attached is also the size of the badge for the plastic cover needed.
- What are the price breaks for ordering purposes? We need 200.

I hope this email makes sense. Please call my cell phone if you have any questions 803-767-7583. Thank you, KV

Hi Katherine - Thank you, I have sent this over to Chris, the graphic designer. Yes, we can certainly get lanyards for you. Do you have something specific in mind (i.e. colors, printing, style, etc.)? And what quantity? We can actually get any kind of promotional item, award, golfer gifts, etc. We do it all.

Subject: FACTS

Monica,

Attached are the facts for the tee signs.

I will be forwarding your all logos associated with the fact.

Do you guys print lanyards?

Thank you,

Katherine
