House subcommittee maintains SHIP, SCSEP funding

Last week, the House Labor-HHS-Education Appropriations Subcommittee approved its FY17 funding bill, and a full Committee markup is scheduled for tomorrow. In stark contrast to the Senate, the House increased funding for many Older Americans Act programs, and maintained funding levels for the State Health Insurance Assistance Program (SHIP) and Senior Community Service Employment Program (SCSEP). NCOA organized a House letter signed by 65 organizations urging at least level funding. More information about the bill and advocacy efforts will be in next week's newsletter.
