Subject: Monuments on Capitol Grounds

Hell, my wife and I visited the grounds of the Capitol in Columbia yesterday. We drove up from Yulee, Fl. They were all outstanding, except for the Confederate Monument near the road. It was very very dirty. Why? Why is it not being cleaned and kept up like the rest of them. This is a disgrace. I will be posting the pictures on social media. I have contacted the Governor's office, and I am getting the run a round. Please respond and do something about this disgrace to the Confederate Veterans and their decendants. Thank you very much, Seber Newsome III 904-225-5591
