My sister is a CNA. She working right now with violations to this ration on third shift at her facility. For her first week starting as well as the holiday week she has been working with a ratio of 30:1. There has only been 2 CNAs working those entire weeks.

I'm signing this petition because I'm a CNA as well and would like to see these changes made. I think these residents would definitely benefit from these changes you therefore you would have better care at these nursing homes.

I am signing because I feel these residents in these long term facilities need and deserve better care. Think.... what if that was you? what if that was a loved one of yours?? I want to strive to be the best I can and giving each and everyone the right kind of care they need and deserve. something needs to change around here for the better
