What's REAL ID?

2005 federal law

- US Congress passed in 2005
- Phased implementation
 - All yellow states have extensions through October 10, 2018
 - SC anticipates compliance during Q1 of 2018
- Beginning October 1, 2020, you must have a REAL ID to
 - Board a flight
 - Enter a secure federal building
 - Visit a military installation

Fifty-five out of fifty-six states and territories are currently compliant or have received an extension until October 10, 2018. Passengers who have licenses issued by a state or territory that is compliant or has an extension to become compliant with REAL ID requirements may continue to use their licenses as usual. American Samoa is subject to REAL ID enforcement as of February 5, 2018
