Subject: FW: Request for interview with Gov. Haley

Good Afternoon,

I'd like to please follow up with my request for an interview with Gov. Haley next week. Our team is available to travel to Columbia any day Monday - Thursday. Thank you for your consideration.

Subject: Request for interview with Gov. Haley

Good Afternoon,

WBTW News in Myrtle Beach is planning a newscast with a look back of the October 2015 flooding that devastated many areas of the state. We are planning to air the special October 3.

As part of our coverage, we would like the opportunity to sit down with Governor Haley and discuss images the governor saw, and the state's response to the devastation, to include where responders excelled and what we learned from this experience if ever an incident like this were to occur again. Is it possible to request an interview with the governor one day over the next two weeks?

Our evening anchor, Bob Juback, a 25-year employee with WBTW, would be conducting the interview. Thank you for your time.
