---

Dear Tony,

As you may know, a series of five year grants, **more than \$150 million**, is being distributed to better connect community social services and health systems. We believe this is both a threat and an opportunity for 2-1-1 and I&R centers across the nation.

Please take a moment to read over some some material we have put together to brief you on this grant program so you can decide how to engage.

Better Together,
