Subject: Sloan Street Housing National Dedication

Attachments: Ifl.PNG

Sloan Street Housing has been selected to be the next dedication for the global phenomenon, 'The Little Free Library'. This is a national unveiling and dedication to bring together and create communities of readers. We are extremely excited that Seneca, SC was selected and wanted to personally invite you to our celebration. Hors-d'oeuvres and drinks will be provided along with a ribbon-cutting ceremony with local officials, community members, and local high school members who built the box.
