

13 May 2016

Honorable Nicki Haley,

My name is Pearlie Morant,

I pray you will be able to help me. I worked at the Myrtle Beach International Airport twenty-one year faithfully. Unfortunately, I became ill with Multiple Sclerosis and missed a lot of days from work. I knew I would have to leave my job so I applied for Social Security Disability Feb. 2014.

I received my last pay check from the county June 2014, at that time Human Resources advised me I will have to wait until Social Security approved my disability before I could apply for disability with Horry county.

Nov, 2015 Social Security approved my disability. Human Resources advised me I waited too long to fill for Horry county disability. State law says it should have been filled no less than three months after my last pay check.

I followed Human resources direction and now I am being punished. Please help me with this situation. I look forward to hearing from you.

Thank You.
