Boston - nice place, for an American League town. How about 9AM Tuesday?

Christian, I am in Boston right now on the way home. I can stop by late on Monday (3:00 pm or later) or any time on Tuesday. Let me know your preference. Looking forward to seeing you again. The lobsters were delicious and due to a bountiful harvest, at record low prices.

General,

I hope you're enjoying your lobster. You may not look at this until this weekend, but is there a time early next week when you'd be able to come by? Thanks.
