Do any of your parks offer safety courses on native SC snakes? My kids really need to learn all about them. Since we just moved to the area and they really don't know what to look for!

Miranda, some of our parks have offered them, but typically in the spring. I will keep an eye out for a program like this, and will let you know if I see one.

Hello I work at Tractor Supply and we are looking desperately to have someone come in and give little demos about the native wildlife esp snakes in our area. Do you have anyone I could contact here in Aiken ? Thank you so much for your help.
