Subject: TV Asahi

Dear Chaney Adams,

Good morning. I hope this e-mail finds you well. I am writing on behalf of TV Asahi, Channel 5 in Japan.

We are hoping to request a brief interview with Governor Nikki Haley in regards to the Savannah River Site and her recent demand to the Department of Energy to stop a shipment of nuclear material from Japan to that site.

Is it possible that the Governor might be able to spare 20 minutes for us some time this week? Or will there be any press conferences scheduled in the near future where she will discuss this topic? Thank you.

Sincerely,
Sakura
