Katherine,

The dates I gave you are all that are available. Other than a weekend the two Tuesday evenings are all that are available during the week. As I said we have over 180 clubs asking for space. I was surprised that this much is available. We could do a little stand up dinner get together before the meeting on one of the Tuesdays.

Are there any dates that work for a possible luncheon?
Weekends are very limited.

Katherine,

I just received the below dates and information from our scheduler, please look it over and let's pick a date as soon as possible. As anyone can request a date unless it has already been firmed up. The 11 Oct and 8 Nov. dates are our regular Republican Club nights and these meetings start at 7:30 PM and we can have the space till closing at 10:00 PM. Please let me know if you received this e-mail.

Thanks,
Roger

Subject: Follow Up Emails

Roger,

Can you email me the open dates and times for both the pavilion space and the ballroom(s)? Let's try to shoot for a date in October or November.

Would a town hall meeting (style) be allowed at either venue?

Is there a way to do a town hall meeting in October or November on the same night as the GOP club and invite all?

Are there regularly scheduled luncheons? If so is that a possible option?

I look forward to your feedback.

Below is my contact information. Please confirm you have received this email.

Have a great day!

Thank you,

Katherine
