Subject: new position

Aaron,

I hope you are doing well! I wanted to pass on my new contact information. I was asked to serve as the Governor's Chief Legal Counsel and have moved to her office. I have copied the new LLR Director, Director Emily Farr. Director Farr is also passionate about education and the voluntary services at OSHA, so if you need anything in the future please reach out to her.

I saw the write-up posted on Metcon's website, and I wanted to say thank you for sharing the information! I was reading about Metcon online, and I am not sure if I shared before, but I was born in Lumberton, NC. So glad to see such a successful company coming out of the area.

Take care,
Richele
