Subject: two things

Katherine:

The Governor did a terrific job at Easley Rotary yesterday and masterfully responded to all questions. I truly appreciate her doing that for me. She was very well received. Of course, it was extremely regrettable that the woman at the elementary school made a threat earlier in the day.

Before the Governor left, I told her that Senators Massey and Sheheen are working on a DOA bill. However, I'd like to file a clean version that fits with what she would like in a bill. She said that she would do that. Would you make sure I get that so that I can get it prefiled?

Also, I sent a letter about a magistrate's interim appointment appointment. I simply wanted to make sure that it had gotten down there and see if there are any questions.

Many thanks!

Larry
