Swati & Rebecca,

Thanks again for your help with the emergency order issued last week. Attached is a news release from the SC Propane Gas Association concerning the current propane distribution problems being experienced in SC and around the country due to the cold weather. I have a call into Ted Pitts with some updated information. All signs indicate that this situation is going to get worse before it gets better and I would like to keep the Governor and staff up to date should you get any inquiries. I don't have Ted's email address so please feel free to forward this to him.

Thanks,
Rex
