Yes, please make the date changes in those you've marked...that includes 91.22, .23, and .24. We didn't include the "date only" proviso changes in our tables, largely just for brevity's sake.

On 84.9, we'd like to delete the proviso.

On 99.12, the repayment continues still, so only the fiscal year reference needs to be updated.

For 101.22, we were going to leave the proviso in place at 0%.

For 105.3...clarifying with "PEBA Board" instead of just "board" is fine with us.

Changes to 117.79 are OK.

Name/reference change for OSB/State Budget Division in 117.89 is fine (and any others, if applicable).

I think that covers most of the open questions from this document, other than 118.3 and the fuel tax ones. Thanks.

Christian,

I have attached a revised document for your review. I went through my document that shows the provisos with fiscal year or date references and made notes on the ones that you had not addressed in your document. Please give me feedback on what you want me to do with those. The only outstanding proviso other than the ones your highlighted in red in your previous e-mail to me is the non-recurring revenue proviso which I will be working on this afternoon.
