This is Amendment 87.

It would insert a new item at the bottom of the main non-recurring revenue proviso, allowing for up to \$20 million (if funds are available) to go to DOT for bridge replacement, rehabilitation, or maintenance projects. Note that if the Governor vetoes (and the General Assembly sustains) items in Part 1B of the budget, then that would raise the likelihood that there would be enough revenue available through Proviso 118.17 to get this amendment "into the money."
