Ranger Cathy from Paris Mountain is back and she's about to burst to show you a plant that you might find in the woods this time a year -- called hearts a bustin'! Ever seen one?

Hearts a bustin' at Paris Mountain State Park

Holly Smith Gregg I have one right outside my bedroom window. I love it. The deer do also. But, they leave enough for me to enjoy. It is huge and is tall and grows close to my window next to a dogwood tree
