Importance: High

You've got a full inbox and mailbox so please read this because your vote matters. The media often gives a stilted evaluation on candidate races if you are not already slightly confused.

Every election cycle my friend, Evert Headley, does pretty amazing research and analysis on the candidates. We may not totally agree all the time, and yet it is very helpful. He said if he lived in Senate District 12 he would vote for Lee Bright. I do live in that district and I'm voting for Bright. I'm sending Evert Headley's pdf file "Evert's Electables" for your consideration in complementing your own research on your vote choices!

Waiting for the General Election is absurd and I don't mind saying so. The Democrats will cross over and vote in June as this is like their November election...they want to chop off at the knees the authentic Constitutional conservatives. The General Election is very important, but the SC Primary Election is imperative June 14! The polls are open 7 a.m. to 7 p.m. Be certain to cast your Vote this Tuesday June 14.

The words of Samuel Adams, one of our Founding Fathers," still ring true today.

"Let each citizen remember at the moment he is offering his vote...that he is executing one of the most solemn trusts in human society for which he is accountable to God and his country."

2016 is about taking our country and state back and your vote matters now.

My FAITH votes because my faith matters,

Larry Bateman
