Governor,

I am sure you are aware the government is sending Syrian Refugees to Spartanburg. Homeland Security has not "vetted" these people and we don't know who they are.

The government has gone out of their way and focused on removing Jesus from our schools and community. Now they want to use our churches to pay for the refugees. They are trying to manipulate the love Christians have for Jesus and others for their benefit.

Follow the money. Someone is lining their pockets.

This will be an immediate hardship on the schools and public programs in our county.

Do you have a plan for the security of the people in our State and the debt that will be incurred by this program?

Thank you and I would like to receive your reply/plan.

Thank you.

Judy Caton
