Subject: Background information on S. 813

Thanks again, Katherine, for taking time to talk with me. I've attached three documents that illustrate the issues we are attempting to address with the legislation, and will be glad to provide anything else you need. I am sending you my talking points, examples presented to SCAC Intergovernmental Relations Committee, and the presentation of the Clarendon County Library Director to the legislature. Please let me know that you received this and were able to open the documents.

Colleen
