Sub for more: http://nnn.is/the_new_media | Hillary Clinton's Parkinson's Disease is confirmed in this exclusive interview with the doctor who has now gone public. Dr. Ted Noel joins Gary Franchi to examine the facts of Hillary's critical and debilitating medical crisis. Through Dr. Noel's astute observations, and relying on over 30 years in the medical field, he has concluded that Hillary Clinton is exhibiting the classic signs that point to Parkinson's Disease. He has decided to go public with his findings and appears on the Next News Network to deliver you the truth, being kept from the public, about a diagnosis that will keep her out of the Oval Office.
