So this week seems to be Back to School week for many and the end to summer vacations! We hope you made some memories this summer in our state parks. Take time to reminisce and post some of your favorite park memories from Summer 2011.

**Jeremie Owens** I had several great hikes in the Mountain Bridge Wilderness. Battled Table Rock many times, trying to climb it in less than an hour. Had a great time with friends at the sliding rock at Table Rock. Fishing at Devil's Fork on Jocassee. The list goes on but one thing is for sure, I love SC!

**Janice Hart Olds** Took the g-kids to Huntington Beach State Park and had an amazing day. This park beats all the commercial attractions we paid a fortune to visit.
