

Dear Governor Haley,

Due to the recent actions by President Obama in regards to proposing gun control measures, I felt compelled to write this letter. I have been raised around sporting weapons my entire ~~was~~ life and have never committed a crime. I feel like the proposed changes are an infringement upon my rights. Please take a moment to openly express your views on the proposed changes by President Obama. I have not heard your views on this matter discussed.

your faithful voter,

Johnathon Rulph
