Tracy,

I received the files and have reviewed the final letter reports regarding the Wilton Pond Dam replacement and the Community Pond Dam replacement projects. We concur that no historic properties will be affected by these undertakings.

The only thing I require for these are the survey forms and photos. They did not appear to be included in the zip file.

Thanks,

Joe

The final letter reports for the two dam projects you did the preliminary review for are included in that big zip file I shared with you a bit ago. I know you're out until Tuesday so no rush. I just wanted to let you know they were in there. Please let me know if you have any questions and comments.

Thanks,
