Hey doll ... this probably wasn't meant for me ... just wanted to make sure the appropriate person receives it, especially if you are awaiting a response. 😊

Are we okay with sending our concerns to Rep. Henderson regarding S.167?
Thank you,
Katherine

I've attached what I've got on this.

Josh – you may want to take a look at it. But the opposition is basically that it's a barrier to entry for internet dealers and hearing aids are similar to eye glasses – some people need them all the time and should go to an optometrist, but there are people who don't need them all the time (only in certain circumstances) who can pick up a pair of reading glasses online through Costco's website.
