RE: 1<sup>st</sup> National Organization of Citizens in U.S. History; –Potential 168-M

Dear Governor Haley:

We're here *exclusively* to serve the Interest and Concerns of American Citizens. We're here to research and address the *consensus* of all real issues affecting the lives of American Citizens. We're *vitaly* in need of your actual consideration on being one of our ACI “**Special Trustees;**” on public service objectives in the best national interests of truly ‘*deserving*’ –American Citizens.

The ACI – *American Citizenry “Problem-Solving” Institute* and, our **Board of Trustees** — being *Native Americans; African Americans; Mexican Americans; White Americans;* — *altogether*. We invite all American Citizens to join ACI —having ongoing research for resolving major Citizen Problems. Citizens can all join —having safeguards *together* for addressing major problems.

Today our country is accommodating 336-million residents; **280-million American Citizens; all having Constitutional Rights** —but too many millions are being denied their *entitlements*. —**Civil Rights: We have to make sure all American Citizens has rights of use; although needing Judicial Branch reform.** Now since 1789, when our government began with **3.9-million residents;** we never make proper reforms to accommodate Citizens' rights –**280-million-plus.**

Our ACI **Board of Trustees** devoted their time and interest in studying and realizing that our governmental needs required approving our **Research Resolution on Constitutional Government.** Our twelve (12) years of Research has been in-depth and resulting with “*...historic findings...*” —to the extent of our website being **HACKED repeatedly during our 12 years. Why? –ACI...!** There's never been a greater *source*: —**ACI's American Citizens ...in waiting?**

...It's our *respective place* in American history... Before we leave...

## The Justices' Caseload

Each Term, approximately 7,000-8,000 new cases are filed in the Supreme Court. This is a substantially larger volume of cases than was presented to the Court in the last century. In the 1950 Term, for example, the Court received only 1,195 new cases, and even as recently as the 1975 Term it received only 3,940. Plenary review, with oral arguments by attorneys, is currently granted in about 80 of those cases each Term, and the Court typically disposes of about 100 or more cases without plenary review. The publication of each Term's written opinions, including concurring opinions, dissenting opinions, and orders, can take up thousands of pages. During the drafting process, some opinions may be revised a dozen or more times before they are announced.
