Subject: Latest DoA Draft

Attachments: senate -- department of administration amendment (H 3066) (v02).doc

---

Here are my edits to the draft provided. The one open item still is how to handle bonding authority/process (where the current language doesn't work, but I haven't prepared a counterproposal yet). I have a couple thoughts that will be easier to discuss face-to-face whenever you get a few minutes. Otherwise, it would be pages of rambling stream-of-consciousness. Thanks.
