Colby,

Thanks for the note.

I saw that you mentioned: "I know the Governor has the power to suspend his term..."

Do you mind shooting us your reference point for that?

Thanks!

Rob

Chaney & Rob,

I am doing a story on the DUI arrest of Donnie Myers. We understand Mr. Myers has been previously arrested and has stayed in his position as an elected official. I know the Governor has the power to suspend his term, but what would have to be done for that to happen? Would he have to face an indictment?

There's a lot of public interest in this and people are questioning how someone with the power to prosecute others seems to be immune from the repercussions many others would face in the same position. Is the office willing to give a statement on this arrest?

If you have any questions, my number is 803-331-2868.

Thanks,  
Colby Gallagher
