

Jim,

I spoke with Darlene Glover tonight. She is a 63 year old veteran who became homeless in the last few years. Through a VA program, she was recently able to receive financial assistance for housing. She would like to get a job but doesn't have transportation. Will y'all call her tomorrow to determine whether any other services or programs can help her get back on her feet? Her phone number is 803-451-8237.

In addition to whatever y'all come up with, I would definitely like to refer her for employment services with DEW.

Thanks,

Austin
