Hello, My name is Kristi Cook I am a resident of North Augusta, and we have a new Family & Kids directory coming to the CSRA and I would love to send you some information about it. Letting people know where all the state parks are located is a great way to get them to you. I know there are a few of them within a 50 mile radius of North August. I know you would make a great fit with this directory. Is it possible to have somebody contact me to send information to?
