Subject: Categories other than instructional time

I hate to keep going back to my old playbook, but look at §2599.2, beginning on page 767:

That's where we're going to come up with the other categories (alongside instructional time expansion). I think we'll have more than three now (I'd forgotten a few of these, which I liked), but I also believe we can have a full draft of those categories tomorrow, based on this list.
