Randy,

I hope you are well.

I wanted to make sure you have a copy of the attached notification we (and all states) received from WIPP. Richele, copied to this email, will be point person on the MOX litigation, but I wanted to make sure we got this to you as soon as possible.

I have shown to the Governor and she wanted to know how it may factor into the litigation as it moves forward. I know we are currently waiting on the court to make decisions on the respective motions, but I see WIPP's delayed acceptance of waste as a possible benefit to our claims. If we could all talk sometime next week so that we can provide the Governor with an update on where things stand, and a timeline of how we have gotten here and where we plan to go, I would greatly appreciate it.

Have a nice weekend.

DMG
